## LOVE PEACE & LIGHT

one vibration,  
one wavelength

- \* to spread bubbles of peace love light in Unity
- \* to thank the planet that feeds us and the sky that guides us
- \* to strengthen freedom, consistency and magnify gratitude, sovereignty...
- \* to reach five thousand to five million hearts in 3 days!

***the power of intention and thought transforms our reality!  
the power of the breath of life is the conscious respiration!***

a great idea was born to celebrate an anniversary...  
an idea that has quickly become a planetary event!

3 x 3 minutes of respiration for 5 000 to 5 million hearts in Unity...  
hearts that create peace, love and light for the planet

together

\* let's celebrate the magnificence of natural life, a world of health,  
kindness, joy, sharing with the curists of happiness, friends, fans,  
passionate about the natural way of life... Yes, when we breath  
3 x 3 minutes, in Unity, together, in Unison, we create the world  
of tomorrow, this world of love, peace and light, this world in 5D,  
this world our hearts dream of!

\* let's celebrate natural health, recovered joy and unconditional  
love!

\* let's create a gigantic bubble of love, peace and light  
a breath of life in unison, a conscious respiration of five thou-  
sand souls, of five thousand hearts, the curists of happiness, our  
friends, our fans, all passionate about the natural way of life...  
the life in 5D

\* let's vibrate from a new health, let's irradiate a new light

\* let's express our sovereignty and our freedom to be

## PEACE

yes, we can flood the planet with peace, love and light,  
we create PEACE with our respirations in Unity. It is an  
exercise of applied quantum physics according to Gregg  
Braden's ratio : the square root of 1% of the population  
is enough to spread a message... PEACE... in the world.  
For 8 billion people on the planet, it only takes 3 minutes  
of conscious breathing, one breath of life in unison, of 9  
000 people - who create Peace in themselves - to create  
PEACE in the world.

*your heart of mother, father, child*

*wishes peace not war*

*wishes love not conflict*

*wishes light not darkness or confinement...*

***"in the presence of Peace,  
all that can be derived from it is Peace "***

*Gregg Braden*

## BUBBLES OF PEACE

\* we create, spread bubbles of peace love and light on the  
planet

\* the bubbles of love we create multiply, assemble, rise,  
increase the egregore of Peace, Love and Light on the  
planet.

## CLIMB YOUR HIMALAYA

\* our conscious respirations, intentions, thoughts and  
acts create love, peace and light on the planet

\* let's meet at the top of your inner mountain, Himalaya  
or Mont-Blanc, in the heart of yourself, In the middle of  
the unified field, in unity with oneself, the universe and the  
multiverse

\* let's create a world of love, an egregore of peace  
with 3 x 3 minutes of respiration at 9:00pm (French time)
